ELEMENTARY SCHOOLS PARENT INFORMATION

MISSION STATEMENT

The mission of Jordan School District elementary schools is to help children become responsible, contributing members of society through the cooperative efforts of parents, teachers, and students as they work together to foster skills in academics, citizenship and self-worth.

R277-419 **Ten-day Membership Rule** requires the school to withdraw a student after (10) consecutive school days of unexcused absences.

CLASS ASSIGNMENTS

All assignments are important. When assignments are missed as a result of an illness or an excused absence, the teacher will provide an opportunity for a student to make up the work. Generally, the amount of time available to complete make-up work is the same as the number of days the student has been absent.

CODE OF CONDUCT

Respect is the key word in Jordan District Schools - **respect for self, others, and property**. All students are expected to behave in a courteous and pleasant manner. Appropriate behaviors are expected in the classroom, on the playground, on buses, on the way to-and-from school and at all school activities. Disruptions and abusive behaviors that interfere with the learning and safety of other students will not be tolerated. In instances where behaviors violate the school code of conduct, parental help and support will be requested.

Each school has developed a code of conduct. This code outlines the rules that govern student behavior. Frequent or serious violations of this code will be investigated and, if necessary, a parent conference held. Violations may result in suspension from school.

FOOD AND TREATS AT SCHOOL

Please check with the teachers or office concerning classroom treats before bringing or sending any treats to school. The Salt Lake County Health Department has advised us that foods prepared at home for classroom treats are illegal and unwise. If you want to send a class treat, the following foods are acceptable.

1. Commercially prepared, non-hazardous foods such as cookies, cupcakes or candy in sealed packages.
2. Popcorn, fruits and vegetables.

HOME AND HOSPITAL INSTRUCTION

Students who are absent, or expect to be absent, for ten (10) consecutive school days or more because of an illness or injury are eligible for home and hospital instruction from the local school. A request for home and hospital instruction must be made to the principal by the parent with verification from a physician. Instruction (maximum two (2) hours per week) will take place after school hours in the student's home or at the hospital. An adult must be present during the time of instruction.

HOMEWORK

Homework is a valuable part of learning. All students can expect to have some homework to complete in order to fulfill class requirements. The amount will vary according to the age of the student, the subject, the type of task, the amount of study time allowed at school, and the way the child uses the study time provided.

Revised 03-24-23

MEDICINE AT SCHOOL

Utah Law ([53G-9-502](#)) requires that schools can only administer prescription and non-prescription medications under the following guidelines: School personnel may administer prescription medication or nonprescription (over-the-counter) medication to a student during the regular school day only when the medication has been prescribed by the student's licensed health care provider **and is allowable for administration by school personnel under Utah State Law. The school principal should receive the following before medication can be administered at the school:**

1. A current [Medical Authorization Form](#) signed by the student's parent or legal guardian, **and,**
2. A current [Medication Authorization Form](#) completed by the health care provider that includes the following:
 - a. A statement that administration of medication by school employees during periods when the student is under the control of the school is medically necessary, and
 - b. A statement that describes the route, dosage, time schedule for administration, name of medication, name of student, diagnosis, side effects, and duration of the treatment.
3. All medication that is to be given at school must be furnished by the parent or guardian and delivered to the school by a responsible adult.
4. All prescription medication must be in the original container labeled by the pharmacy with the name of the student, the name of the health care provider, the name of the medication, the dosage, the time the medication is administered, and the route. All the medication on the label must be identical to the information specified on the Medication Authorization Form signed by the health care provider.
5. Nonprescription (over-the-counter) medication must be submitted in the original container and be labeled with the student's name. The name of the medication and dosage indicated on the label must be identical to the name of the medication and dosage specified on the Medication Authorization Form signed by the health care provider.

NON-DISCRIMINATION

It is the policy of Jordan School District not to discriminate on the basis of race, color, national origin, sex, religion, or handicap in any educational program or activity.

PERSONAL PROPERTY

Jordan School District is not responsible for any personal property which is lost, stolen, or vandalized. There is no provision which allows payment for any personal items which is taken from Jordan School District Schools.

REPORTING PUPIL PROGRESS

A report of pupil progress will be made four (4) times each year. Progress reporting in the elementary school is based upon each student's capability in relationship to performance. The intent is that the progress report reflects the individual growth of the child rather than making a comparison with the achievements of other members of the class.

TRAVEL AND VACATIONS

A student may be allowed up to a **maximum of ten (10) days** (with no minimum requirement) for travel/vacation, if **prior** arrangements have been made with the school for the student to make up his/her homework. However, activities, discussions, simulations and presentations take place every day and cannot be duplicated, even by after-school instruction or make-up work. Therefore, grades may be adversely affected by taking a leave, even though written assignments are turned in as required. This absence, although continued on school records, will be considered "excused." It is the student's responsibility to complete the make-up work as assigned per each individual teacher's disclosure statement or the school's code of conduct. Students will not qualify for receipt of any awards associated with attendance (e.g., 100% attendance award, etc.). Students taking this type of leave should complete the [Education Vacation Leave Form](#), and return form to the school.

UNAUTHORIZED DEPARTURE FROM SCHOOL

If students leave the school area without authorization, parents will be notified. When students return to school, they must report to the principal.

Jordan School District Chromebook User Agreement

Rationale

Technology is an integral part of online learning at Jordan School District. School-issued Chromebooks will allow for continued student learning opportunities. The purpose of the Chromebook is to help students at home and school to complete academic tasks, collaborate more effectively and further their education.

The Chromebook is the property of Jordan School District. Student use of the Chromebook is dependent on the following:

General Procedures and Guidelines (Do's and Don'ts of Chromebook Use)

- Students will follow Jordan School District Policy [AA445 Student Information Network Acceptable Use Policy \(Student Information Network Acceptable Use Policy- AA445\)](#).
- At the beginning of the school year, students will be assigned a Chromebook.
- Students and parents will indicate through the online registration process that they have read the Chromebook agreement and are liable for any damages.
- Chromebooks should be used to complete academic tasks and further education.
- Students are responsible to bring their Chromebook to school charged and ready for use each day.
- Students must keep passwords and usernames secure and never share them with others.
- Keep the Chromebook away from extreme temperatures.
- Always close the lid before transporting the Chromebook, and do not carry it by the screen. The screen and keyboard are susceptible to damage through misuse.
- Students will not modify user settings on their Chromebook.
- Students are not permitted to download any content onto their Chromebook, other than class assignments, without permission from the school.
- Students will not use the Chromebook webcam to photograph any other student, teacher, or person unless for academic purposes, and only with the person's consent.
- Students will not use the Chromebook microphone to record any other student, teacher, or person unless for academic purposes, and only with the person's consent.
- Students should not have food or drinks (including gum) near the Chromebook.
- During instruction, students will not stream any music or video (Pandora, Spotify, YouTube, etc) or play any games on the Chromebook.
- Sound should be muted while using the Chromebook during live lessons unless given alternative directions from the teacher.
- Students must use only the Chromebook assigned to them and never leave their Chromebook unattended or allow others to use their Chromebook.
- Students should not remove any district and/or school-identifying labels.
- If a student withdraws during the school year, they will return the Chromebook to school or be fined for the cost of the Chromebook.
- Students must bring their Chromebook back to the school at the end of the school year. However, based on the school's preference, some schools may allow students to keep the Chromebook over the summer.
- If the Chromebook is not returned when requested, the student and parents/guardians will be responsible for the replacement cost.
- Fines will be assessed for any damage to the Chromebook. See your school's website for costs associated with loss or damages.

Expectations of Privacy

Chromebooks are the property of JSD, and are not subject to the same privacy expectations as private property. For this reason, there is no expectation of privacy with the Chromebooks.

- All internet activity on the Chromebook, at or away from school, will be filtered by Jordan School District content filters.
- JSD may repossess and search the Chromebook at any time. This includes any violation of school or district policies ([Student Information Network Acceptable Use Policy- AA445](#)).
- Certain apps and websites may require location service data to function. Only District- approved apps may be installed on Chromebooks, and these apps may be authorized to access location services data, which may be required for education-related tasks and may be allowed by the user in other instances. Regardless of use case, the location service data provided is an approximate geographic location. Street-level location data is not provided by the Chromebook and is not accessible unless provided voluntarily by the user.

Proper Care of the Chromebook

- Students and parents accept responsibility for safeguarding the Chromebook.
- Students should never attempt to repair the Chromebook.
- If the Chromebook becomes damaged or broken due to negligence, the student and parents will be held liable for the repair or replacement of the Chromebook.
- If the student loses the Chromebook, or it is stolen, they are responsible for the replacement fee. For stolen Chromebooks, a police report must be filed.
- Repair and replacement costs are located on the school website.

Acknowledgement of the Chromebook User Agreement

Please sign below indicating you agree with the guidelines and expectations outlined in this Agreement and you understand that violation of the Chromebook Use Agreement and/or Jordan School District Policy [AA445 Student Information Network Acceptable Use Policy](#) will result in disciplinary action, the revoking of all Chromebook and network privileges, and the replacement of the damaged device (if applicable).

Compulsory Education Information Letter

Dear Parent/Guardian,

At Jordan School District, our goal is to provide a quality education for all students. Attendance is very important to a student's success. Students fall behind when they miss school for excused or unexcused reasons. Help your child succeed by having them attend school regularly.

You can play a big role in your child's attendance this year and we appreciate your help. You can help your student be at school and on time each day. If you need support or advice about attendance, our teachers and administrators want to help you.

Regular attendance is vital to your child's education because:

- Students need to be in class to learn.
- The teaching-learning process builds on lessons previously taught.
- Lessons often involve hands-on activities, which cannot be repeated with paper and pencil assignments outside of class.
- Students who miss a day of school suffer because the in-class teaching cannot be made up.
- Students will develop the habits of good attendance and punctuality for future careers.
- Students will develop positive peer relationships and feel connected with friends and school.

Parents/legal guardians are required by the Utah Compulsory Education Law ([53G-6-202](#)) to enroll and see to the regular attendance of all school-aged minors ages 6-18 in an educational program. Under this legislation, Jordan School District is required to monitor student attendance and communicate with the parent(s)/legal guardian(s) when a student's attendance pattern is not in compliance with the law. It is important for you to contact the school every time your student is absent from school.

Jordan School District educators and administrators look forward to working with you and your children in the coming year.

Compulsory Education Information Letter

Dear Parent/Guardian:

Because of the school's commitment to quality education, we are concerned when a student misses school for any reason. The Jordan School District requires that all students achieve mastery in the basic skills identified for reading, language arts and mathematics. Absence from school interferes with the student's opportunity to master these skills.

According to the Utah Compulsory Attendance Laws ([53G-6-2](#)), every school-age child from six to eighteen years of age must be in school. The parents are responsible for their student's regular school attendance. It is a misdemeanor if you fail to have your student in regular attendance.

Occasionally, a student must be absent from school for reasons which are unavoidable. Please notify the school every time your student is absent explaining the reason for the absence. Your cooperation is needed to help us give your student a quality education.

Please sign below indicating you have read the Compulsory Education Information letter of Jordan School District.

Suicide Prevention Program

Dear Parent/Guardian:

The Utah State Legislature, in an effort to address teen suicide, requires that secondary schools offer a suicide prevention program. As part of Jordan District's suicide prevention program, a presentation on warning signs for suicide, risk and protective factors, as well as resources available for help will be given in one of your student's classes during his/her regular school schedule. Information on this presentation can be found at wellness.jordandistrict.org. We anticipate that by the end of the 2023-2024 school year, every child of secondary age will have had an opportunity to receive this important information.

If you would prefer **NOT** to have your child participate, please check the box and sign below. Thank you for your cooperation.

PTA/PTSA/PTO Membership

Dear Parent/Guardian:

The Jordan School District PTA/PTSA organization works with our schools each year to gather membership dues. In order to distribute membership cards and other information they are requesting that schools be allowed to share names, addresses and phone numbers of those parents/guardians who join PTA/PTSA with the local PTA/PTSA Board for that school only.

If you would prefer **NOT** to have this information shared with your local PTA/PTSA, please check the box and sign below. Thank you for your cooperation.

☐ I do **NOT** want my school to share contact information with my local PTA/PTSA for membership information only.

Attendance and Enrollment Guidelines

Attendance

An integral component supporting a student's consistent academic and life skills success is regular daily school attendance. Utah law (§53G-6-2) requires parents to have their student(s) attend school on a regular basis. Utah law also requires schools to monitor student attendance and communicate with parent(s)/legal guardian(s) when a non-attendance pattern develops (§53G-6-203). The Jordan School District requests that parents communicate with the school regarding their student's attendance issues and when a student will be absent from school. Students should not be allowed to stay home from school unless it is a verified excused absence, such as illness, mental or behavioral health, family event, family death or approved school activity (§53G-6-201). The beginning of the school day establishes the learning climate; thus, parents are encouraged to have their student(s) arrive at school on time. The cooperative efforts of the school and parent will support the child's regular school attendance.

Home School and Reduced Enrollment

Per Utah law (§53G-6-204-2), parents may excuse a school-age child from compulsory school attendance by filing a notarized affidavit with the district indicating that the child will attend a home school and that the parent will assume sole responsibility for the education of the child. Students excused to home school may attend no more than the lesser of three hours or 49% of the school day and still be considered primarily a home school student. Students enrolled for 50% of the day or more are considered primarily a part-time student in regular enrollment.

Parents of students may choose to enroll the student in less than 100% of the school day. This reduction of enrollment can be facilitated through the school principal (at the elementary level) or a school counselor (at the secondary level). When a student is enrolled for less than 100% of the school day, the parent assumes responsibility for the portion of the curriculum that is missed. Additionally, students in grades 9-12 who are enrolled for less than 100% of the school day may not be able to earn sufficient credits to qualify for graduation.

The district and local schools are unable to provide supervision for students who have had their enrollment reduced during the periods when the student is not in the classroom. When enrollment has been reduced, the parent is responsible for promptly transporting the student to and from the school campus.

Charter Schools (§53G-6-503)

Charter Schools are public schools. A student who is enrolled in a charter school, including online public charter schools such as Utah Connections Academy, Utah Virtual Academy, or K-12 Online, may not dual enroll in the boundary school. There are two (2) exceptions: (1) Students in grades 9-12 may register for credits online in the Statewide Online Education Program through their school counselor (§53F-4-503 [Statewide Online Education Program \(SOEP\) Utah](#)), and (2) Students may enroll in a co-curricular course provided the course is not offered at the charter school and the course has space available. Students enrolling in a co-curricular course must meet the conditions of State Board Rule [R277-494-4](#). A student enrolled in SOEP course(s) may earn no more credits in a year than the number of credits a student may earn by taking a full course load during the regular school day in the student's primary school of enrollment (State Board Rule [R277-726-4](#)).

A parent may withdraw the student from the charter school for enrollment in the student's school of residence for the following school year provided an application of admission is submitted to the school of residency on or before June 30. (§53G-6-503) After June 30, applications for admission will be subject to the same criteria and conditions as late enrollment permits (§53G-6-401). If the school of residence does not have space available, the district may assist parents to find another school in the district that has adequate capacity for their student to attend.

Please visit planning.jordandistrict.org for more enrollment information.

Acceleration and Retention

By default, students are enrolled in the Jordan School District in the grade appropriate for their age. When students have been accelerated or retained by another school or district in Utah or the United States, the District will honor said acceleration or retention upon receipt of documentation from the previous school.

Parents wishing to accelerate or retain their students should communicate with the school principal. School principals and parents work with individuals who have knowledge of the student and use relevant data to make appropriate placement decisions.

The district will reasonably accommodate parent requests for retention in grades K-8. Students in grade 9-12 will only be retained in circumstances of significant and documented need. Acceleration requests will be approved at the discretion of the school principal and must be supported by data indicating a high likelihood of success in the new placement.

Truancy and chronic absenteeism are complicated issues that have widespread impacts on students, families and the community. Pledge with Jordan District to combat these issues.

EMERGENCY PREPAREDNESS

Rarely, if ever, are schools closed because of emergencies. Jordan School District's policy is to maintain regular hours every school day, including days during bad weather and/or most other emergency situations. Previous studies have shown that students are generally safest at school; however, it is important that preparations be in place if an **extreme emergency** such as an earthquake or fire should make it necessary to evacuate the school.

Jordan School District is committed to providing a safe environment for students, employees and visitors. District schools have a detailed Incident Command System for responding to crisis situations, such as a bomb threat, fire, earthquake, violence, severe weather, power outages and student reunification.

Jordan District works closely with local public safety officials when it comes to responding to a crisis. The district will use a variety of resources to notify parents/guardians of an incident at school, including use of Skylert, Facebook, Twitter, local media/news and the District's Website. Parents/guardians may be notified directly by Skylert in certain situations, and will be provided information and/or instructions. It is important for parents/guardians to ensure that emergency contact information is accurate in Skyward. For more information about drills and responding to emergencies, contact your child's school.

Revised April 2021

The documents on the following five pages are required annual notices of the rights of parents under federal and state law in regards to the information in a student's records and a student's privacy rights. The documents outline processes for accessing and correcting information in a student's record, circumstances when the district or school is required to obtain parent consent before releasing information from a student's record, and requirements for protecting a student's rights in regards to surveys, marketing, and certain physical exams. In some circumstances (and following the processes described in the notifications), parents and guardians have the right to opt out of the release of information from their student's files.

All rights listed in these documents as belonging to parents or guardians transfer to the student at age 18.

Questions or concerns may be directed to the school principal or to Planning & Enrollment in the Student Services Department at 801-567-8183.

Family Educational Rights and Privacy Act Annual Notification

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day the school or district receives a request for access. Parents or eligible students who wish to inspect their child's or their education records should submit to the school principal a written request that identifies the records they wish to inspect. The school principal will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask to amend their child's or their education record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth in the school's or school district's annual notification for FERPA rights. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll, or is already enrolled if the disclosure is for purposes of the student's enrollment or transfer.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in §99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, §99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student –To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in § 99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(3) are met. (§ 99.31(a)(1))

- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of §99.34. - To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency (SEA) in the parent or eligible student's State. Disclosures under this provision may be made, subject to the requirements of §99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf, if applicable requirements are met. (§§ 99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary for such purposes as to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4))
- To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to § 99.38. (§99.31(a)(5))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction, if applicable requirements are met. (§99.31(a)(6))

Family Educational Rights and Privacy Act - Notice for Directory Information

Directory Information

The Family Educational Rights and Privacy Act (FERPA), a Federal law, requires that Jordan School District, with certain exceptions, obtain your written consent prior to the disclosure of personally identifiable information from your child's education records. However, the District may disclose appropriately designated "directory information" without written consent, unless you have advised the District to the contrary in accordance with District procedures.

Purpose of Directory Information

The primary purpose of directory information is to allow the District to include information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing weight and height of team members.

Directory information, which is information that is generally not considered harmful or an invasion of privacy if released, can also be disclosed to outside organizations without a parent's prior written consent. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.

Military Recruiters and Institutions of Higher Education

In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters or institutions of higher education, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

Opting Out

If you do not want the District to disclose any or all of the types of information designated below as directory information from your child's education records without your prior written consent, you must notify your school's principal in writing by the 14th day of the school year.

Protection of Pupil Rights Amendment (PPRA) Annual Notification

PPRA affords parents of elementary and secondary students certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include, but are not limited to, the right to:

Consent before any psychological or psychiatric examination, test, treatment, survey, analysis, or evaluation concerning certain protected areas ("protected information survey") is administered to students. The protected areas are defined as information about the student's or any family member's:

- Political affiliations or political philosophies;
- Mental or psychological problems;
- Sexual behavior, orientation, or attitudes;
- Illegal, anti-social, self-incriminating, or demeaning behavior;
- Critical appraisals of individuals with whom the student or family member has close family relationships;
- Legally recognized privileged and analogous relationships, such as those with lawyers, medical personnel, or ministers;
- Religious affiliations or beliefs; and
- Income, except as required by law.
- Exception:
 - Risk of harming self or others. School employees may intervene and ask a student questions regarding the student's suicidal thoughts, physically self-harming behavior, or thoughts of harming others if the employee believes a student is at-risk of attempting suicide, physical self-harm, or harming others. Afterwards the employee must inform the student's parent.

Receive notice and an opportunity to opt a student out of:

- Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
- Activities involving collection, disclosure, or use of personal information collected from students for marketing or to sell or otherwise distribute the information to others. (This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.)

Inspect, upon request and before administration or use:

- Protected information surveys of students and surveys created by a third party;
- Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
- Instructional material used as part of the educational curriculum.

The rights pertaining to non-emergency invasive physical exams, third-party surveys, or marketing surveys transfer from the parents to a student who is 18 years old or an emancipated minor under State law. The rights pertaining to protected information surveys remain the rights of the parent for any K-12 student, regardless of age.

Jordan School District has developed policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The District will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The District will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below:

- Collection, disclosure, or use of personal information collected from students for marketing, sales, or other distribution (“marketing surveys”).
- Parents will be provided reasonable notification and provided an opportunity to opt their child out. Parents will also be provided an opportunity to review the survey.
- Marketing surveys scheduled for this school year:
- No anticipated surveys this year.
- Administration of any protected information survey not funded in whole or in part by ED.
- Parents will be notified and provided an opportunity to give written consent at least 2 weeks prior to administration of the survey. Parents will also be provided an opportunity to review the survey prior to administration.
- Protected information surveys scheduled for this school year:
- No surveys scheduled at this time.
- Any non-emergency, invasive physical examination or screening as described above.
- Parents will be provided reasonable notification and provided an opportunity to opt their child out.
- Non-emergency, invasive surveys as described above scheduled for this school year:
- No anticipated activities or surveys.

Children need healthy meals to learn. Jordan School District offers healthy meals every school day.

The USDA Free Meals Waiver has not been extended to the 2023-24 school year. School meals will return to a free/reduced/paid price structure. Please fill out a free/reduced application after July 1st and/or put money in your child's lunch account through Skyward Family Access.

1. **DO I NEED TO FILL OUT AN APPLICATION FOR EACH CHILD?** No, please use one Free and Reduced-Price School Meals Application for all students in your household. We cannot approve an application that is not complete including the last 4 digits of your social security number, so be sure to fill out all required information. You may apply online by *going to your school's website and logging into Skyward. (If you don't know your Skyward log-in, please contact your school.) *Click on the Food Service link. *Click on the "application" tab. (The application will prompt you through completion.) *Click "**submit.**"
2. **WHO CAN GET FREE MEALS?** All children in households receiving benefits from the Supplemental Nutrition Assistance Program (SNAP), the Food Distribution Program on Indian Reservations or, in some states Temporary Assistance for Needy (TANF), and some Medicaid recipients may receive free meals according to your income. All children in the household should be extended those benefits. If a child was left off, please call the number below to have a student added. Also, your children can receive free meals if your household's gross income is within the "free" limits on the Federal Income Eligibility Guidelines.
3. **CAN FOSTER CHILDREN GET FREE MEALS?** Yes, foster children that are under the legal responsibility of a foster care agency or court are eligible for free meals. The foster family may include foster children as a member of the household when applying for benefits for their own children.

Your child's application is only good for that school year and for the first 30 days into the new school year. You must send in a new application unless the district sent a letter that you were directly certified. When the carry-over period ends, unless the household is approved, the children must pay full price for school meals. 30-day reminder notices will be sent out to help you submit new applications.

If you live with other people who are economically independent (for example, people who you do not support, who do not share income with you or your children, and who pay a pro-rated share of expenses), do not include them.
12. **WHAT IF MY INCOME IS NOT ALWAYS THE SAME?** List the amount that you normally receive. If you normally get overtime, include it, but do not include it if you only work overtime sometimes. If you have lost a job or had your hours or wages reduced, use your current income.

Privacy Act Statement: This explains how we will use the information you give us.

The Richard B. Russell National School Lunch Act requires the information on this application. You do not have to give the information, but if you do not, we cannot approve your child for free or reduced price meals. You must include the last four digits of the social security number of the adult household member who signs the application. The social security number is not required when you apply on behalf of a foster child; when you list a Supplemental Nutrition Assistance Program (SNAP), Temporary Assistance for Needy Families (TANF) Program, or Food Distribution Program on Indian Reservations (FDPIR) case number or other FDPIR identifier for your child; or when you indicate that the adult household member signing the application does not have a social security number. We will use your information to determine if your child is eligible for free or reduced price meals, and for administration and enforcement of the lunch and breakfast programs. We MAY share your eligibility information with education, health, and nutrition programs to help them evaluate, fund, or determine benefits for their programs; with auditors for program reviews; and with law enforcement officials to help them look into violations of program rules.

Non-discrimination Statement: This explains what to do if you believe you have been treated unfairly.

"In accordance with Federal Law and U.S. Department of Agriculture policy, this institution is prohibited from discrimination on the basis of race, color, national origin, sex (including gender identity and sexual orientation), disability, age, or reprisal or retaliation for prior civil rights activity. Individuals who are hearing impaired or have speech disabilities may contact USDA through the Federal Relay Service at 800-877-8339; or 800-845-6136 (Spanish). This institution is an equal opportunity provider."

Until your application is processed, you will need to provide your child(ren) with money to purchase school meals. If your child(ren) received free or reduced price meals last year in Jordan School District, they will continue to receive last year's eligibility for 30 days into the new school year.

Jordan School District participates in Direct Certification:

If you receive notification that your child has been directly certified to receive free meals for the school year, you DO NOT need to apply for meal benefits. If you do not receive information, you must apply for meal benefits by completing a meal application.

FEE SCHEDULE AND FEE WAIVER GUIDELINES

Jordan School District's 2023-24 Fee Schedule and Fee Waiver Guidelines are provided for your information. The fees are established annually by the Jordan School District Board of Education in accordance with the rules and regulations set forth by the Utah State Legislature and the Utah State Board of Education.

School principals have been designated as the administrators of the school fees and fee waivers. Consequently, you should direct questions regarding fees or fee waivers to your principal.

Fees, as identified by the Jordan District Board of Education, will be waived in accordance with the Utah State Board of Education standards for students whose parents or legal guardians verify evidence of inability to pay. Inability to pay is defined as those who are in state custody, foster care, or receiving public assistance in the form of Aid for Dependent Children, Supplemental Security Income, or are eligible according to Income Eligibility Guidelines July 1, 2023 to June 30, 2024; and, that case-by-case determinations are made for those who do not qualify under one of the foregoing standards, but who, because of extenuating circumstances such as, but not limited to, exceptional financial burdens such as loss of substantial reduction of income or extraordinary medical expenses, are not reasonably capable of paying the fee. (The receipt of unemployment compensation and/or reduced-price school lunch does not constitute public assistance as defined above.)

State law requires a school district to provide alternatives in lieu of fee waivers (except for textbooks), "to the fullest extent reasonably possible according to individual circumstances of both fee waiver applicant and school," consistent with local board policies and/or guidelines. Your student will have several options from which to choose in completing the community service requirement.

Those options include:

- Community service at the school, such as tutorial assistance to other students, or service outside of regular school hours as a student aide to school staff;
- Community service in community; or
- When special needs require, community service in the home.

Students may not provide community service to their own employers, nor may they fulfill a community service requirement by working for a commercial establishment other than a facility such as a nursing home or hospital where volunteer services are commonly provided.

If a request of a fee waiver is denied, the student or parent may appeal the decision to the Jordan School District Administration. If the administration upholds the decision to deny the fee waiver, the student or parent may appeal to the Jordan School District Board of Education.

Revised April 2021

Current Fee Schedule

Jordan School District, in coordination with schools, recommends fees to the Board of Education for authorization in order to run programs and activities for students. The school district sets certain fees in order to maintain a level of consistency and equity across the district. However, other fees can vary depending on school need. Individual school fees may be viewed by clicking the links below.

2022-23 Elementary School Fee Schedule:

<http://fees.jordandistrict.org/schedule/elementary/>

Pursuant to Utah Code [53G-6-702](#) through section [705](#) and Utah Admin. Code [R277-494](#), students who attend a charter school, private school, or home school and participate in extracurricular and/or co-curricular activities are subject to the following:

Extracurricular/Co-Curricular Activities:

1. Charter and Online School Students

- a. Charter/Online school pays a one-time annual school participation fee of \$75.00 per student
- b. Student shall pay all required student activity specific fees
- c. Charter/Online school pays any waived fees

2. Private or Home School Students

- a. Student shall pay the basic registration fee and any required student activity specific fees.

Any mandatory payment for student participation in a class, program, or activity is a fee and is subject to the fee waiver requirements.

All fees listed are the maximum amounts charged per student for each class or school sponsored or supported activity. Actual amount charged may be less.

School Fees Notice for Families of Students in Grades K-6

The Utah Constitution prohibits the charging of fees in elementary schools.

If a child is in kindergarten through grade six, they cannot be charged for textbooks, classroom equipment or supplies, musical instruments, field trips, assemblies, snacks (other than food provided through the School Lunch Program), or for anything else that takes place or is used during the regular school day.

Fees may only be charged for programs offered before or after school, or during school vacations. Fees may also be charged for a student that is in grade six and attends a school that includes one or more 7-12 grades, if the school follows a secondary model of delivering education to the school's grade six students.

Utah law requires schools that charge fees, to ensure that a fee waiver or other provisions in lieu of a fee waiver is available to any student whose parents are unable to pay a fee.

Fee Waivers

A fee waiver is a full release from the requirement to pay a fee. If a student is eligible for fee waivers, **all fees must be waived**. If it is not specifically addressed in state law, a school must waive all fees, including any where a student's participation is optional. This means that those students who are eligible for a fee waiver can participate in any school class or activity free of charge.

A student is eligible for a waiver if:

- their family receives TANF funding or SNAP (food stamps or state Family Employment Program, Supplemental Nutrition Assistance Program);
- the student receives SSI (Supplemental Security Income);
- the student is designated McKinney-Vento;
- the student is in foster care;
- the student is in state custody; or
- the student is eligible based on family/household income (the levels match those of free lunch eligibility).

** A student may also be eligible for fee waivers if they do not meet any of these standards but are still unable to pay a fee. Please see the local school or district policy for more information.*

If a student wishes to apply for fee waivers, they will be asked to provide documentation of fee waiver eligibility as part of the application process.

To apply for a fee waiver, a student may submit the "Fee Waiver Application (Grades K-6)". A copy of the application is included with this notice and additional copies may be obtained from the school office, or the state school fees website listed at the end of this document. Once the documents have been submitted to the school, the fee requirement will be suspended until a final decision has been reached about the student's eligibility for fee waivers.

If the application is denied, the school will send a "Decision and Appeal Form". The Form will explain why the application was denied and how to appeal the decision. Remember to always keep a copy. If an appeal for a denial of fee waivers is submitted, all fees will not need to be paid until the appeal is decided.

If a student wishes to purchase school pictures, yearbooks, or similar items through the school, those costs are not fees and will not be waived. Also, if a student loses or damages school property, the costs of replacement or repair are not fees and need not be waived.

Donations, Confidentiality, and Enforcement of Fees

School funds are limited, and a school may need help in addition to fees. As a result, the school may ask for tax-deductible donations of school supplies, equipment, or money, but the school cannot require donations.

A student's name is confidential and cannot be disclosed to anyone lacking both a right and a need to know the information, regardless of whether a student has paid fees, donations, and contributions or not, or has applied for, received, or been denied waivers. The school may, however, with the consent of the donor, give appropriate recognition to any person or organization making a major donation or contribution to the school.

The school and school staff cannot withhold, reduce, or enhance grades or credit, or withhold grades, class schedules, credit, report cards, transcripts, or diplomas to enforce the payment of fees.

Service Agreement, Verification and Appeal Form

Utah law states that an LEA may provide alternatives in lieu of fee waivers sufficient “to ensure that no student is denied the opportunity to participate in a class or school-sponsored or supported activity because of an inability to pay a fee.” If offered, a student may choose to perform service in lieu of a fee waiver but **a school district cannot require a student to perform service in lieu of a fee waiver**. If your student chooses to perform service, there are options from which to choose to complete the service. Service options may include:

- Service at the school, such as tutorial assistance to other students, or service outside of regular school hours as a student aide to school staff;
- Service in the community such as at a nursing home or hospital; or
- When special needs require, service in the home.

_____ agrees to complete _____ hours of service _____
(Student's name) (brief description)

To be completed before: _____ This will satisfy the student's fee obligation of \$ _____.

All services will be credited at the rate of \$ _____ per hour. Once completed, the student's school fees will be waived.

The school district must ensure that a service assignment is appropriate to the age of the student, physical condition of the student, and maturity of the student. The assignment must also be consistent with state and federal laws, including the Federal Fair Labor Standards Act. This requires that the service must be performed 1) within a reasonable period of time, 2) each hour of service is credited at an amount at least equal to the current minimum wage, and 3) service hours worked per day and week are limited according to the student's age.

For example, if a fee-waiver eligible student is assessed \$100 for school fees and the school policy is based upon a \$10 per hour service credit, then the student may be asked to perform up to 10 hours of service.

Service assignments must be conducted in such a way that students are not subjected to embarrassment, ridicule, or humiliation, and must not provide direct private benefit to school employees or their families. In addition, service assignments must avoid excessive burdens on students and families and give proper consideration to a student's educational and transportation needs and other responsibilities.

Verification of Service

If circumstances arise which make it too difficult for a student to complete a service assignment, notify the school principal immediately to determine what adjustments should be made.

Service students will not be considered to be employees of those for whom they provide the service, and no money will be paid to the students or to the school in return for service. Regular employees who work in places where students perform services may not be replaced, nor may their hours be reduced, as a result of the students' service activities. Service is intended to supplement existing services, not replace that which is already being done by others.
