We are dedicated to maintaining a safe environment that promotes individual responsibility, personal achievement, and respect for all individuals.

Jordan School District's schools provide exciting and safe learning environments for all students. We expect high-quality work from our students and staff and work cooperatively in the best interest of the students. We continually strive to improve the quality of instruction. We do not tolerate violence, emotional or physical abuse of people or property in our schools. Our programs are designed to foster respect for people and property. Our highly trained and student-centered professionals work closely with students and their families to provide an outstanding educational experience.

Once again, welcome to our schools and the exciting diversity of programs they provide. If you have any questions or concerns regarding the education of your children, please feel free to contact the teachers who work with your students or the principal of their school.

Elementary Schools Parent Information

Mission Statement

The mission of Jordan School District elementary schools is to help children become responsible, contributing members of society through the cooperative efforts of parents, teachers, and students as they work together to foster skills in academics, citizenship and self-worth.

[R277-419 Ten-day Membership Rule](#) requires the school to withdraw a student after (10) consecutive school days of unexcused absences.

Class Assignments

All assignments are important. When assignments are missed as a result of an illness or an excused absence, the teacher will provide an opportunity for a student to make up the work. Generally, the amount of time available to complete make-up work is the same as the number of days the student has been absent.

Code of Conduct

Respect is the keyword in Jordan District Schools - respect for self, others, and property. All students are expected to behave in a courteous and pleasant manner. Appropriate behaviors are expected in the classroom, on the playground, on buses, on the way to and from school, and at all school activities. Disruptions and abusive behaviors that interfere with the learning and safety of other students will not be tolerated. In instances where behaviors violate the school code of conduct, parental help and support will be requested.

Each school has developed a code of conduct. This code outlines the rules that govern student behavior. Frequent or serious violations of this code will be investigated and, if necessary, a parent conference held. Violations may result in suspension from school.

Food and Treats at School

Please check with the teachers or office concerning classroom treats before bringing or sending any treats to school. The Salt Lake County Health Department has advised us that foods prepared at home for classroom treats are illegal and unwise. If you want to send a class treat, the following foods are acceptable.

1. Commercially prepared, non-hazardous foods such as cookies, cupcakes, or candy in sealed packages.
2. Popcorn, fruits, and vegetables.

Home and Hospital Instructions

Students who are absent, or expect to be absent, for ten (10) consecutive school days or more because of an illness or injury are eligible for home and hospital instruction from the local school. A request for home and hospital instruction must be made to the principal by the parent with verification from a physician. Instruction (maximum two (2) hours per week) will take place after school hours in the student's home or at the hospital. An adult must be present during the time of instruction.

Homework

Homework is a valuable part of learning. All students can expect to have some homework to complete in order to fulfill class requirements. The amount will vary according to the age of the student, the subject, the type of task, the amount of study time allowed at school, and the way the child uses the study time provided.

Medicine at School

Utah Law ([53G-9-502](#)) requires that schools can only administer prescription and non-prescription medications under the following guidelines: School personnel may administer prescription medication or non-prescription (over-the-counter) medication to a student during the regular school day only when the medication has been

prescribed by the student's licensed health care provider and is allowable for administration by school personnel under Utah State Law. The school principal should receive the following before medication can be administered at the school:

1. A current Individual Health Care Plan signed by the student's parent or legal guardian, and
2. A current Medication Authorization Form completed by the health care provider that includes the following:
 - a. A statement that administration of medication by school employees during periods when the student is under the control of the school is medically necessary, and
 - b. A statement that describes the route, dosage, time schedule for administration, name of medication, name of student, diagnosis, side effects, and duration of the treatment.
3. All medication that is to be given at school must be furnished by the parent or guardian and delivered to the school by a responsible adult.
4. All prescription medication must be in the original container labeled by the pharmacy with the name of the student, the name of the health care provider, the name of the medication, the dosage, the time the medication is administered, and the route. All the medication on the label must be identical to the information specified on the Medication Authorization Form signed by the health care provider.
5. Non-prescription (over-the-counter) medication must be submitted in the original container and be labeled with the student's name. The name of the medication and dosage indicated on the label must be identical to the name of the medication and dosage specified on the Medication Authorization Form signed by the health care provider.

Non-Discrimination

It is the policy of Jordan School District not to discriminate on the basis of race, color, national origin, sex, religion, or handicap in any educational program or activity.

Personal Property

Jordan School District is not responsible for any personal property which is lost, stolen, or vandalized. There is no provision which allows payment for any personal items that are taken from Jordan School District Schools.

Reporting Pupil Progress

A report of pupil progress will be made four (4) times each year. Progress reporting in the elementary school is based on each student's capability in relation to performance. The intent is that the progress report reflects the individual growth of the child rather than making a comparison with the achievements of other members of the class.

Travel and Vacations

A student may be allowed up to a maximum of ten (10) days (with no minimum requirement) for travel/vacation, if prior arrangements have been made with the school for the student to make up his/her homework. However, activities, discussions, simulations and presentations take place every day and cannot be duplicated, even by after-school instruction or make-up work. Therefore, grades may be adversely affected by taking a leave, even though written assignments are turned in as required. This absence, although continued on school records, will be considered "excused." It is the student's responsibility to complete the make-up work as assigned per each individual teacher's disclosure statement or the school's code of conduct. Students will not qualify for receipt of any awards associated with attendance (e.g., 100% attendance award, etc.). Students taking this type of leave should complete the Education Vacation Leave Form and return it to the school.

Unauthorized Departure from School

If students leave the school area without authorization, parents will be notified. When students return to school, they must report to the principal.

**Elementary School Counseling Student Needs Survey
Parent/Guardian Permission**

The school counseling program in Jordan School District is dedicated to helping every student succeed. To ensure we are meeting the unique needs of our students, we periodically ask for feedback from students, parents, and school staff. This feedback is collected through a short student needs survey called the **Elementary Systemic Needs Assessment**. Your input, along with your child's, is vital as it helps us understand our school's counseling program strengths and identify areas where we can provide more support for college and career readiness, academic achievement, and durability/life skills.

What is this survey?

With your permission, your child will be invited to complete this confidential survey at school. The survey asks students about their experiences, feelings about school, and what they might need help with to be successful. The combined, anonymous results help our school counselors develop relevant classroom lessons, plan effective support activities, and ensure our program truly serves the needs of every student. This survey is given every three years.

Data and Privacy

The survey is part of a statewide effort managed by the Utah State Board of Education (USBE) to improve school counseling programs. The collected information is used for program planning and is shared with USBE for this purpose, in compliance with state and federal privacy laws.

Parent/Guardian and student voices are crucial to the success of an effective counseling program. If you would like to review the survey questions your student will see, please reach out to your school counselor.

Student Feedback Survey Participation

Schools in Utah are required to use an early warning system (§53F-4-207) that provides information for early intervention in the areas of academics, attendance, discipline, and behavior. The early warning system used by the district is Panorama.

Included in the early warning system (Panorama) is a student feedback survey that elevates student voice on school climate, teaching and learning, relationships, and belonging. The feedback survey is administered up to three (3) times a year (Fall, Winter, Spring) in grades 3-12. Participation in the survey is always optional and is never a part of any academic grade or participation requirement. All data within the early warning system complies with all student data protection laws and the Family Education Rights and Privacy Act (FERPA).

Additional information about the early warning system, including student feedback survey windows and survey questions are found [here](#).

Student Participation in Jordan School District's Stakeholder Input Survey

As part of the educator evaluation, schools in Utah are asked to seek input from various stakeholders, including students in grades K-12, about the educational environment in schools and individual classrooms ([53G-11-507](#)).

The survey asks students for their perspective about student engagement, academic support, school and classroom safety, and the school and classroom learning environment. The survey is confidential and subject to the Family Educational Rights and Privacy Act, 20 U.S.C. Sec. 1232g. It is administered in November of every year. Survey data are reported to district and school leadership as well as individual licensed educators as group responses. No individual responses are reported. Participation in the survey is always optional and is never a part of any academic grade or participation requirement. There is no penalty for participation or lack of participation in the survey.

The Jordan School District Assessment, Research & Accountability Department uses Qualtrics to collect and house the survey data. The Assessment, Research & Accountability Department will analyze the results and disseminate aggregated reports to school and district leadership.

**Student Participation in the Utah Department of
Health & Human Services SHARP Survey**

Select schools in Utah are asked by the Utah Department of Health & Human Services to administer the SHARP Survey (Student Health and Risk Prevention) to some students in 6th grade and students in grades 8-12. The SHARP Survey is administered every two years.

The survey asks students for their perspective about student engagement, school safety, and school environment. The survey is anonymous and subject to the Family Educational Rights and Privacy Act, 20 U.S.C. Sec. 1232g. According to the Department of Health, the SHARP Survey “is an opportunity for adolescents to tell us about the many challenges they face in today’s world – and how well they think they’re prepared to handle them – without the fear of getting in trouble or the risk of someone thinking less of them” (see this website [link](#) for more information about SHARP privacy and confidentiality).

The Utah Department of Health & Human Services has contracted with Bach Harrison as the vendor who will collect, house, analyze, and provide reports for the SHARP Survey results.

Parents are strongly encouraged to review the questions the SHARP Survey asks students:

- 6th grade SHARP-PNA (Prevention Needs Assessment) Survey: [Form A and B](#)
- 8th grade SHARP-PNA (Prevention Needs Assessment) Survey: [Form A and B](#)
- Grades 9-12:

**Compulsory Education Information Letter
Elementary**

Dear Parent/Guardian,

Utah law (§53G-6) requires that the parent of a school-age child (ages 6-18) to enroll the child in school and to ensure the child attends regularly, or to provide notice to the District that the student will be participating in a homeschool program. Jordan School District emphasizes that regular, on-time attendance is the method through which students access the following pillars of the [“Portrait of a Graduate”](#) plan:

- High Quality Instruction: Classroom instruction is often hands-on and connected to previous lessons.
- Culture of Belonging: Students will develop positive peer relationships and feel connected with friends and school.
- Opportunities for All Learners: Opportunities created in the classroom environment are difficult to make up or recreate.
- Student & Staff Wellness: Learning is supported through the professional services of counselors, social workers, school psychologists, nutrition workers, and others.
- Effective Communication: Students learn collaboration skills and techniques through working and interacting with others.

Students who do not attend regularly and on-time lose out on the opportunities to access and develop critical life skills in these areas.

When students are absent from school and a parent does not communicate a valid excuse to school staff, Utah law considers the student to be truant. Elementary students who are truant more than five times in a school year, the student’s parent/guardian may be in violation of Utah’s compulsory education statutes.

When this happens, the parent/guardian will receive a notice of compulsory education violation and an invitation to meet with school administration to resolve the problem. Failure to meet with school administration or to prevent the student from continuing to be truant may result in a referral to law enforcement as a Class B misdemeanor and/or a referral to the Division of Child and Family Services for educational neglect (Utah Code §53G-6-202).

It is crucial that students attend school regularly and that valid excuses are communicated to school staff. Jordan School District educators and administrators look forward to working with you and your student(s) in the coming year.

This letter constitutes Administrative Notification # 1 (*REGISTRATION PACKET*)

Agreement for Compulsory Education Information Letter

Dear Parent/Guardian:

Because of the school's commitment to quality education, we are concerned when a student misses school for any reason. The Jordan School District requires that all students achieve mastery in the basic skills identified for reading, language arts and mathematics. Absence from school interferes with the student's opportunity to master these skills.

According to the [Utah Compulsory Attendance Laws \(53G-6-2\)](#), every school-age child from six to eighteen years of age must be in school. The parents are responsible for their student's regular school attendance. It is a misdemeanor if you fail to have your student in regular attendance.

Occasionally, a student must be absent from school for reasons which are unavoidable. Please notify the school every time your student is absent, explaining the reason. Your cooperation is needed to help us give your student a quality education.

Please sign below, indicating you have read the Compulsory Education Information letter of Jordan School District.

Student Data Privacy and Online Services

Jordan School District uses student data to provide educational services, support instruction, operate school programs, and meet state and federal requirements. The District's use of student data is governed by a variety of laws, including the federal Family Educational Rights and Privacy Act (FERPA), the federal Protection of Pupil Rights Amendment (PPRA), and Utah's Student Data Privacy Act (SDPA). Utah law also requires an annual student data collection notice that describes what we collect and confirms that we do not collect certain data – this document serves as that notice.

The collection, use, and sharing of student data has both benefits and risks. Parents and students should learn about these benefits and risks and make choices regarding student data accordingly.

Why is data shared?

Jordan School District uses student data to provide educational services, support instruction, operate school programs, and meet state and federal requirements. We limit access to student information to staff and service providers with a legitimate educational need and use safeguards to protect the confidentiality and security of student data. Utah law restricts the sharing of personally identifiable student data without prior written consent, except where permitted under exceptions listed in FERPA or in other authorized circumstances. These exceptions are described below.

What data is shared?

Under Utah law, an education entity may not collect a student's social security number or criminal record and may not share personally identifiable student data without written consent or with a federal agency, except as required by law. A list of data elements that may be collected and shared is available in the Metadata Dictionary Definitions page, linked below:

- [Metadata Dictionary Definitions](#)

Who is the data shared with?

The District uses third-party providers (including services like *Google Workspace for Education* and *Canvas by Instructure*) to deliver core educational and operational services. Other providers may offer software or website tools used to enhance classroom learning. The District carefully selects third-party providers to receive data, and limits shared data to what is necessary for the approved service. Third-party providers must use student data only for the District's authorized educational purpose and must follow federal, state, and District privacy and security requirements.

Some third-party providers are designated as "school officials" under FERPA. These providers have been reviewed individually by District staff before being authorized for use. A listing of these providers is available in the Metadata Dictionary, linked below:

- [Metadata Dictionary](#)

Some third-party providers may receive information that has been designated as "directory information". These providers are also listed in the Metadata Dictionary. Parents (or students over age 18) may opt-out of the sharing of directory information by submitting the "Request to Withhold Information" form to their school principal.

- List of [Directory Information](#) data
- ["Request to Withhold Information" Form](#)

Changes to Sharing

Because tools can change over time, families may view information about currently enabled services through the District's Metadata Dictionary, linked above.

Additional Information

Additional information on your rights under FERPA is included in registration each year or can be accessed at the link below.

- [Data Privacy](#)

I acknowledge that I have received information on the District's student data collection and privacy practices.

The following two pages are required annual notices of the rights of parents under federal and state law in regards to the information in a student's records and a student's privacy rights. Please read the information carefully and direct all questions or concerns to your respective school principal or to the Office of General Counsel at 801-567-8110.

All rights listed in these documents as belonging to parents or guardians transfer to the student at age 18 or when they matriculate to post-secondary education at any age. Dual enrollment students own their student educational record created at the post-secondary institution.

Family Educational Rights and Privacy Act Annual Notification

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records. The school or district has 45 days after the day it receives a request for access. Parents or eligible students who wish to inspect their child's or their education records should submit to the school principal a written request that identifies the records they wish to inspect. If the request is for the entire education record, it should be directed to the District's Office of Planning and Enrollment. The receiving party will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA. Parents or eligible students who wish to ask to amend their child's or their education record should write the school principal, clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the denial. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing. Grades may not be amended through this process.
3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth here in the Annual Notification. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institution-al service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility. Upon request, the school discloses education records without consent to officials of another school or school district in which a student seeks or intends to enroll, or is already enrolled, if the disclosure is for purposes of the student's enrollment or transfer.
4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Student Privacy Policy Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in § 99.31 of the regulations. FERPA requires the school maintain records of disclosure requests, except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student –

- To other school officials, including teachers, within the educational agency or institution, whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in § 99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(3) are met. (§ 99.31(a)(1)).
- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled, if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of § 99.34. (§99.31(a)(2)).
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency (SEA) in the parent or eligible student's State. Disclosures under this provision may be made, subject to the requirements of § 99.35, in connection with an audit or evaluation of Federal or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those

programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement, or compliance activity on their behalf, if applicable requirements are met. (§§ 99.31(a)(3) and 99.35). Principally applicable in post-secondary.

- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary for such purposes as to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§99.31(a)(4)). Principally applicable in post-secondary.
- To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system, and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to § 99.38. (§ 99.31(a)(5)).
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction, if applicable requirements are met. (§ 99.31(a)(6)).
- To accrediting organizations to carry out their accrediting functions. (§ 99.31(a)(7)). Principally applicable in post-secondary.
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§ 99.31(a)(8)). Principally applicable in post-secondary.
- To comply with a judicial order or lawfully issued subpoena if applicable requirements are met. (§ 99.31(a)(9)).
- To appropriate officials in connection with a health or safety emergency, subject to § 99.36. (§ 99.31(a)(10)).
- Information the school has designated as "directory information" if applicable requirements under § 99.37 are met. (§ 99.31(a)(11)).
- To an agency caseworker or other representative of a State or local child welfare agency or tribal organization who is authorized to access a student's case plan when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student in foster care placement. (20 U.S.C. § 1232g(b)(1)(L)).
- To the Secretary of Agriculture or authorized representatives of the Food and Nutrition Service for purposes of conducting program monitoring, evaluations, and performance measurements of programs authorized under the Richard B. Russell National School Lunch Act or the Child Nutrition Act of 1966, under certain conditions. (20 U.S.C. § 1232g(b)(1)(K)).

Family Educational Rights and Privacy Act - Notice for Directory Information

Directory information

The Family Educational Rights and Privacy Act (FERPA), permits (but does not require) a school to disclose personally identifiable information from your child's education record without parental consent, when such information would not generally be considered harmful or an invasion of privacy if disclosed. 34 CFR § 99.3.

Purpose of directory information

The primary purpose of directory information is to allow the District to include information from your child's education records in certain school publications. Examples include:

- A playbill, showing your student's role in a drama production;
- The annual yearbook;
- Honor roll or other recognition lists;
- Graduation programs; and
- Sports activity sheets, such as for wrestling, showing the weight and height of team members.

Directory information may also be released without parental consent to organizations outside of the school and school district. Outside organizations include, but are not limited to, companies that manufacture class rings or publish yearbooks.

Military recruiters and institutions of higher education

In addition, two federal laws require local educational agencies (LEAs) receiving assistance under the Elementary and Secondary Education Act of 1965, as amended (ESEA) to provide military recruiters or institutions of higher education, upon request, with the following information – names, addresses and telephone listings – unless parents have advised the LEA that they do not want their student's information disclosed without their prior written consent.

Opting out

If you do not want the District to disclose any information designated above or below as directory information from your child's education records without your prior written consent, you must notify your school's principal in writing by completing the [FERPA privacy block form](#). Directory information may have already been shared if an opt-out request is received after the 14th day of the school year. Opting out of directory information disclosure means your child's name will not appear in ANY of the outlined publications identified in this notification. The opt-out is "all or nothing," which means you cannot select the type of directory information that can be released or the specific releases that are acceptable.

What information is designated directory information?

The District has designated the following information as directory information:

- | | |
|--|--|
| • Student's name | • Photography |
| • Address | • Dates of attendance |
| • Grade | • Honors and awards |
| • Date and place of birth | • Date of graduation |
| • Participation in officially recognized sports and activities | • School awarding graduation credentials |
| • Weight and height of members of athletic teams | • Title of credential |

Protection of Pupil Rights Amendment (PPRA) Annual Notification

PPRA affords parents of elementary and secondary students certain rights regarding the conduct of surveys, collection and use of information for marketing purposes, and certain physical exams. These include, but are not limited to, the right to:

Consent before any psychological or psychiatric examination, test, treatment, survey, analysis, or evaluation concerning certain protected areas (“protected information survey”) is administered to students. The protected areas are defined as information about the student or any family member:

- Political affiliations or political philosophies;
- Mental or psychological problems;
- Sexual behavior, orientation, or attitudes;
- Illegal, anti-social, self-incriminating, or demeaning behavior;
- Critical appraisals of individuals with whom the student or family member has close family relationships;
- Legally recognized privileged and analogous relationships, such as those with lawyers, medical personnel, or ministers;
- Religious affiliations or beliefs; and
- Income, except as required by law.

Exception: Risk of harming self or others. School employees may intervene and ask a student questions regarding the student’s suicidal thoughts, physically self-harming behavior, or thoughts of harming others if the employee believes a student is at-risk of attempting suicide, physical self-harm, or harming others. Afterwards, the employee must inform the student’s parent.

Receive notice and an opportunity to opt a student out of –

- Any non-emergency, invasive physical exam or screening required as a condition of attendance, administered by the school or its agent, and not necessary to protect the immediate health and safety of a student, except for hearing, vision, or scoliosis screenings, or any physical exam or screening permitted or required under State law; and
- Activities involving the collection, disclosure, or use of personal information collected from students for marketing or to sell or otherwise distribute the information to others. (This does not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for, or to, students or educational institutions.)

Inspect, upon request and before administration or use –

- Protected information surveys of students and surveys created by a third party;
- Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
- Instructional material used as part of the educational curriculum.

The rights pertaining to non-emergency invasive physical exams, third-party surveys, or marketing surveys transfer from the parents to a student who is 18 years old or an emancipated minor under State law. The rights pertaining to protected information surveys remain the rights of the parent for any K-12 student, regardless of age.

Jordan School District has developed policies, in consultation with parents, regarding these rights, as well as arrangements to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales, or other distribution purposes. The District will directly notify parents of these policies at least annually at the start of each school year and after any substantive changes. The District will also directly notify, such as through U.S. Mail or email, parents of students who are scheduled to participate in the specific activities or surveys noted below:

- Collection, disclosure, or use of personal information collected from students for marketing, sales, or other distribution (“marketing surveys”).
 - Parents will be provided reasonable notification and an opportunity to opt their child out. Parents will also be provided an opportunity to review the survey.

According to Utah law ([53G-10-205](#)), a student may opt out of participating in any aspect of school (such as curriculum or activity) that violates a religious belief or right of conscience of the student or their parent/legal guardian.

If a student opts out, the school will notify the parent, and the school may offer an alternative assignment that does not violate the student's or the parent/guardian's religious belief or right of conscience. The student will not be academically penalized or otherwise forced to explain their objection or to engage in the violative practice. Please contact your school principal with any questions.

Attendance and Enrollment Guidelines

Attendance

An integral component supporting a student's consistent academic and life skills success is regular daily school attendance. Utah law ([§53G-6-2](#)) requires parents to have their student(s) attend school on a regular basis. Utah law also requires schools to monitor student attendance and communicate with parent(s)/legal guardian(s) when a non-attendance pattern develops ([§53G-6-203](#)). Jordan School District requests that parents communicate with the school regarding their student's attendance issues and when a student will be absent from school. Students should not be allowed to stay home from school unless it is a verified excused absence, such as illness, mental or behavioral health, family event, family death, or approved school activity ([§53G-6-201](#)). The beginning of the school day establishes the learning climate; thus, parents are encouraged to have their student(s) arrive at school on time. The cooperative efforts of the school and parents will support the child's regular school attendance.

Home School and Reduced Enrollment

Per Utah law ([§53G-6-204-2](#)), parents may excuse a school-age child from compulsory school attendance by filing a notarized affidavit with the District indicating that the child will attend a home school and that the parent will assume sole responsibility for the education of the child. Students excused to home school may attend no more than the lesser of three hours or 49% of the school day and still be considered primarily a home school student. Students enrolled for 50% of the day or more are considered primarily a part-time student in regular enrollment.

Parents of students may choose to enroll the student in less than 100% of the school day. This reduction of enrollment can be facilitated through the school principal (at the elementary level) or a school counselor (at the secondary level). When a student is enrolled for less than 100% of the school day, the parent assumes responsibility for the portion of the curriculum that is missed. Additionally, students in grades 9-12 who are enrolled for less than 100% of the school day may not be able to earn sufficient credits to qualify for graduation.

The District and local schools are unable to provide supervision for students who have had their enrollment reduced during the periods when the student is not in the classroom. When enrollment has been reduced, the parent is responsible for promptly transporting the student to and from the school campus.

Charter Schools ([§53G-6-503](#))

Charter schools are public schools. A student who is enrolled in a charter school, including online public charter schools such as Utah Connections Academy, Utah Virtual Academy, or K-12 Online, may not dual enroll in the boundary school. There are two (2) exceptions: (1) Students in grades 9-12 may register for credits online in the Statewide Online Education Program through their school counselor ([§53F-4-503 Statewide Online Education Program \(SOEP\) Utah](#)), and (2) Students may enroll in a co-curricular course provided the course is not offered at the charter school, and the course has space available. Students enrolling in a co-curricular course must meet the conditions of [State Board Rule R277-494-4](#). A student enrolled in SOEP course(s) may earn no more credits in a year than the number of credits a student may earn by taking a full course load during the regular school day in the student's primary school of enrollment ([State Board Rule R277-726-4](#)).

A parent may withdraw the student from the charter school for enrollment in the student's school of residence for the following school year, provided an application for admission is submitted to the school of residency on or before June 30 ([§53G-6-503](#)). After June 30, applications for admission will be subject to the same criteria and conditions as late enrollment permits ([§53G-6-401](#)). If the school of residence does not have space available, the District may assist parents in finding another school in the District that has adequate capacity for their student to attend.

Acceleration and Retention

By default, students are enrolled in Jordan School District in the grade appropriate for their age. When students have been accelerated or retained by another school or district in Utah or the United States, the District will honor said acceleration or retention upon receipt of documentation from the previous school.

Parents wishing to accelerate or retain their students should communicate with the school principal. School principals and parents work with individuals who have knowledge of the student and use relevant data to make appropriate placement decisions.

The District will reasonably accommodate parent requests for retention in grades K-8. Students in grades 9-12 will only be retained in circumstances of significant and documented need. Acceleration requests will be approved at the discretion of the school principal and must be supported by data indicating a high likelihood of success in the new placement.

Student Conduct, Dress & Appearance Guidelines

School administrators are responsible for the implementation and enforcement of student conduct, dress and appearance standards contained in District policy [AA419-Student Conduct, Dress, and Appearance](#) and these guidelines. The legal concept of “reasonableness” shall be the guiding principle in the application and discipline of student conduct, dress and appearance. Adherence to the conduct, dress, and appearance standards and these guidelines will be the responsibility of the student and their parent(s)/guardian(s). School administrators will have final judgement on all matters concerning interpretation of student conduct, dress, and appearance.

The following specific guidelines have been established to aid students, parents, staff and administration in the implementation and enforcement of policy [AA419-Student Conduct, Dress, and Appearance](#):

Dress and Appearance Standards include (but are not limited to) the following:

Student Dress & Appearance Illustration

 - b. Any headwear that does not allow the student's face to be visible is not allowed.
3. Clothing (See figure):
 - a. Must cover from the top of the armpit to approximately mid-thigh with no viewable undergarments (waistbands and bra straps excluded).
 - b. Must be from the top of one armpit to another and connected from the front to back over the shoulder, have fabric in the front (covering the abdomen), on the sides (under the arms), and have a closed back (covering the upper and lower back).

4. Clothing, appearance, jewelry, accessory, footwear, or personal item shall be free of any writing, images, symbols, or any other insignias that:
 - a. Are lewd, vulgar, profane, obscene, or sexually suggestive.
 - b. Advocates, represents, or promotes racism, discrimination, violence or hate in any form.
 - c. Signifies or depicts gangs and/or illegal or criminal activities. (Administrators in consultation with law enforcement agencies will determine what signifies and/or depicts these activities.)
 - d. Shows or references tobacco, alcohol, drugs, or any illegal substance.
5. Except as a part of an approved school activity or medical reasons, sunglasses may not be worn in school during the school day.
6. Footwear, appropriate for the day's activities, shall be worn at all times.
7. Any dress or appearance item or practice that creates an unhealthy, unsafe, or disruption to the school or school activity may be prohibited.

With the approval of District administration and the School Community Council, schools may make minor changes and/or adaptations to the dress and appearance standards in order to address local needs. Schools should seek input from various stakeholder groups.

Emergency Preparedness

Rarely, if ever, are schools closed because of emergencies. Jordan School District's policy is to maintain regular hours every school day, including days during bad weather and/or most other emergency situations. Previous studies have shown that students are generally safest at school; however, it is important that preparations be in place if an **extreme emergency**, such as an earthquake or fire, should make it necessary to evacuate the school.

Jordan School District is committed to providing a safe environment for students, employees and visitors. Each school within the district is prepared with an Incident Command System utilizing the Standard Response Protocols. Prevention and response procedures to a wide array of crisis situations, such as fire, earthquake, severe weather, violence and student reunification are found in detail in the safety manual. Jordan School District works closely with local public safety officials when it comes to responding to a crisis.

The district will notify parents/guardians of an incident at school through the use of Skylert, social media, local media/news, and the district's website. It is important for parents/guardians to ensure contact information is accurate in Skyward. The safety manual and emergency preparedness information can be found at <https://schoolsafety.jordandistrict.org/>

Updated March 2024

STANDARD RESPONSE PROTOCOL

INFORMATION FOR PARENTS AND GUARDIANS

Our school has adopted The "I Love U Guys" Foundation's Standard Response Protocol (SRP). Students and staff will be training, practicing, and drilling the protocol.

COMMON LANGUAGE

The Standard Response Protocol (SRP) is based on an all-hazards approach as opposed to individual scenarios. Like the Incident Command System (ICS), SRP utilizes clear common language while allowing for flexibility in protocol.

The premise is simple - there are five specific actions that can be performed during an incident. When communicating these, the action is labeled with a "Term of Art" and is then followed by a "Directive." Execution of the action is performed by active participants, including students, staff, teachers and first responders. The SRP is based on the following actions: Hold, Secure, Lockdown, Evacuate, and Shelter.

HOLD

"In Your Classroom or Area"

Students are trained to:

- Clear the hallways and remain in their area or room until the "All Clear" is announced
- Do business as usual

Adults and staff are trained to:

- Close and lock the door
- Account for students and adults
- Do business as usual

SECURE

"Get Inside. Lock outside doors"

Students are trained to:

- Return to inside of building
- Do business as usual

Adults and staff are trained to:

- Bring everyone indoors
- Lock the outside doors
- Increase situational awareness
- Account for students and adults
- Do business as usual

LOCKDOWN

"Locks, Lights, Out of Sight"

Students are trained to:

- Move away from sight
- Maintain silence
- Do not open the door

Adults and staff are trained to:

- Recover students from hallway if possible
- Lock the classroom door
- Turn out the lights
- Move away from sight
- Maintain silence
- Do not open the door
- Prepare to evade or defend

EVACUATE

"To a Location"

Students are trained to:

- Leave stuff behind if required to
- If possible, bring their phone
- Follow instructions

Adults and staff are trained to:

- Bring roll sheet and Go Bag (unless instructed not to bring anything with them, dependent on reason for evacuation.)
- Lead students to Evacuation location
- Account for students and adults
- Report injuries or problems using Red Card/Green Card method.

SHELTER

"State Hazard and Safety Strategy"

Hazards might include:

- Tornado
- Hazmat
- Earthquake
- Tsunami

Safety Strategies might include:

- Evacuate to shelter area
- Seal the room
- Drop, cover and hold
- Get to high ground

Students are trained in:

- Appropriate Hazards and Safety Strategies

Adults and staff are trained in:

- Appropriate Hazards and Safety Strategies
- Accounting for students and adults
- Report injuries or problems using Red Card/Green Card method.

STANDARD RESPONSE PROTOCOL

PARENT GUIDANCE

In the event of a live incident, parents may have questions about their role.

SECURE

“Get Inside. Lock outside doors”

Secure is called when there is something dangerous outside of the building. Students and staff are brought into the building and the outside doors will be locked. The school might display the Building is Secured poster on entry doors or nearby windows. Inside, it will be business as usual.

SHOULD PARENTS COME TO THE SCHOOL DURING A SECURE EVENT?

Probably not. Every effort is made to conduct classes as normal during a secure event. Additionally, parents may be asked to stay outside during a Secure event.

WHAT IF PARENTS NEED TO PICK UP THEIR STUDENT?

Depending on the situation, it may not be safe to release the student. As the situation evolves, Secure might change to a Monitored Entry and/or Controlled Release.

WILL PARENTS BE NOTIFIED WHEN A SCHOOL GOES INTO SECURE?

When a secure event is brief or the hazard is non-violent, like a wild animal on the playground, there may not be a need to notify parents while the Secure is in place.

With longer or more dangerous events, the school should notify parents that the school has increased their security.

LOCKDOWN

“Locks, Lights, Out of Sight”

A Lockdown is called when there is something dangerous inside of the building. Students and staff are trained to enter or remain in a room that can be locked, and maintain silence.

A Lockdown is only initiated when there is an active threat inside or very close to the building.

SHOULD PARENTS COME TO THE SCHOOL DURING A LOCKDOWN?

The natural inclination for parents is to go to the school during a Lockdown. Understandable, but perhaps problematic. If there is a threat inside the building, law enforcement will be responding. It is unlikely that parents will be granted access to the building or even the campus. If parents are already in the school, they will be instructed to Lockdown as well.

SHOULD PARENTS TEXT THEIR STUDENTS?

The school recognizes the importance of communication between parents and students during a Lockdown event. Parents should be aware though, during the initial period of a Lockdown, it may not be safe for students to text their parents. As the situation resolves, students may be asked to update their parents on a regular basis.

In some cases, students may be evacuated and transported off-site for a student-parent reunification.

WHAT ABOUT UNANNOUNCED DRILLS?

The school may conduct unscheduled drills, however it is highly discouraged to conduct one without announcing that it as a drill. That's called an unannounced drill and can cause undue concern and stress.

Parents should recognize that the school will always inform students that it is a drill during the initial announcement.

It's important to differentiate between a **drill** and an exercise. A drill is used to create the “Muscle Memory” associated with a practiced action. There is no simulation of an event; this is simply performing the action. An exercise simulates an actual event to test the capacity of personnel and equipment.

CAN PARENTS OBSERVE OR PARTICIPATE IN THE DRILLS?

The school welcomes parents who wish to observe or participate in drills.

Rules and Regulations for Students Riding Jordan School District Buses

The Board of Education recognizes the need for school bus discipline in order to assure the safety and well-being of school bus passengers, drivers, and others. WARNING: It is unlawful to...

- Enter a school bus with the intent to commit a crime.
- Enter a school bus and disrupt or interfere with driver.
- Refuse to disembark after ordered to do so. (76-9-107, Utah Code)

During an Emergency:

- If buses are in route to the school, students will be dropped off into the care of the school.
- If buses are in route to the students' homes, the students will be dropped off at the regular stop or as near the regular stop as possible so students can walk safely home.
- If a shelter has been designated, the students will be dropped off at the shelter.
- If it is not safe to drop the students off at the above-described locations, they will be taken back to the school.

Until your application is processed, you will need to provide your child(ren) with money to purchase school meals. If your child(ren) received free or reduced price meals last year in Jordan School District, they will continue to receive last year's eligibility for 30 days into the new school year.

Jordan School District participates in Direct Certification:

If you receive notification that your child has been directly certified to receive free meals for the school year, you DO NOT need to apply for meal benefits. If you do not receive information, you must apply for meal benefits by completing a meal application.

Current Fee Schedule

Jordan School District, in coordination with schools, recommends fees to the Board of Education for authorization in order to run programs and activities for students. The school district sets maximum fee amounts in order to maintain a level of consistency and equity across the district. However, other fees can vary depending on school need. These fees are established in accordance with the rules and regulations set forth by the [Utah State Legislature](#) and the [Utah State Board of Education](#).

School principals have been designated as the administrators of the school fees and fee waivers. Consequently, you should direct questions regarding fees or fee waivers to your principal.

Individual school fees may be viewed by clicking the links below.

2026-27 Elementary School Fee Schedule:

<https://fees.jordandistrict.org/schedule/elementary>

Extracurricular/Co-Curricular Activities:

1. Charter and Online School Students
 - a. Charter/Online school pays a one-time annual school participation fee of \$75.00 per student
 - b. Student shall pay all required student activity-specific fees
 - c. Charter/Online school pays any waived fees
2. Private or Home School Students
 - a. Student shall pay any required student activity-specific fees.
3. Private, Home School, or Utah Fits All Scholarship recipients who are NOT enrolled in a class at the boundary school

 - b. Student shall pay a \$300.00 fee per activity.
 - c. Student shall pay any required student activity fees associated with a specific activity listed on the fee schedule.

Any mandatory payment for student participation in a class, program, or activity is a fee and is subject to the fee waiver requirements.

Fee Schedule and Fee Waiver Guidelines

Jordan School District's 2026-27 Fee Schedule and Fee Waiver Guidelines are provided for your information. The fees are established annually by the Jordan School District Board of Education in accordance with the rules and regulations set forth by the Utah State Legislature and the Utah State Board of Education.

School principals have been designated as the administrators of the school fees and fee waivers. Consequently, you should direct questions regarding fees or fee waivers to your principal.

Fees, as identified by the Jordan District Board of Education, will be waived in accordance with the Utah State Board of Education standards for students whose parents or legal guardians verify evidence of inability to pay. Inability to pay is defined as those who are in state custody, foster care, or receiving public assistance in the form of Aid for Dependent Children, Supplemental Security Income, or are eligible according to Income Eligibility Guidelines July 1, 2026 to June 30, 2027; and, that case-by-case determinations are made for those who do not qualify under one of the foregoing standards, but who, because of extenuating circumstances such as, but not limited to, exceptional financial burdens such as loss of substantial reduction of income or extraordinary medical expenses, are not reasonably capable of paying the fee. (The receipt of unemployment compensation and/or reduced-price school lunch does not constitute public assistance as defined above.)

- NO Fees may be charged for activities during the regular school day in grades K-6. Fees for activities held outside of the regular school day are subject to fee waivers.
- Fees shall be suspended while the fee waiver is under consideration and during the appeal of a denial of a fee waiver is in process.
- Upon approval, school fees shall be waived up to the LEA's established dollar amount cap, and trip waivers are limited to no more than two trips per student per year. A parent/student cannot be required to agree to an installment payment plan or sign an IOU in place of a waiver. However, an LEA may provide service alternatives to satisfy a fee requirement, and a student requesting a waiver for a second trip must complete an action plan that includes school-related contributions.

If a request for a fee waiver is denied, the student or parent may appeal the decision to the Jordan School District Administration. If the administration upholds the decision to deny the fee waiver, the student or parent may appeal to the Jordan School District Board of Education.

Revised April 2026

School Fees Notice for Families of Students in Grades K-6

The Utah Constitution prohibits the charging of fees in elementary schools.

If a child is in kindergarten through grade six, they cannot be charged for textbooks, classroom equipment or supplies, musical instruments, field trips, assemblies, snacks (other than food provided through the School Lunch Program), or for anything else that takes place or is used during the regular school day.

Fees may only be charged for programs offered before or after school, or during school vacations. Fees may also be charged for a student that is in grade six and attends a school that includes one or more 7-12 grades, if the school follows a secondary model of delivering education to the school's grade six students.

Utah law requires schools that charge fees, to ensure that a fee waiver or other provisions in lieu of a fee waiver is available to any student whose parents are unable to pay a fee.

Fee Waivers

A fee waiver is a release from the requirement to pay a fee. If a student qualifies for a fee waivers, **fees must be waived, subject to school dollar amount caps on total fee waivers and trip waiver limits.**

Fee waivers for school-sponsored trips of two or more nights are limited to two trips per student each year. A waiver for a second trip may be requested by meeting with the principal or designee to develop a school-approved action plan.

A student is eligible for a waiver if:

- their family receives TANF funding or SNAP (food stamps or state Family Employment Program, Supplemental Nutrition Assistance Program);
- the student receives SSI (Supplemental Security Income);
- the student is designated McKinney-Vento;
- the student is in foster care;
- the student is in state custody; or
- the student is eligible based on family/household income (the levels match those of free lunch eligibility).

** A student may also be eligible for fee waivers if they do not meet any of these standards but are still unable to pay a fee. Please see the local school or district policy for more information.*

If a student wishes to apply for fee waivers, they will be asked to provide documentation of fee waiver eligibility as part of the application process.

To apply for a fee waiver, a student may submit the "School Fee Waiver Application". A copy of the application is included with this notice and additional copies may be obtained from the school office, or the state school fees website listed at the end of this document. Once the documents have been submitted to the school, the fee requirement will be suspended until a final decision has been reached about the student's eligibility for fee waivers.

If the application is denied, the school will send a "Decision and Appeal Form". The Form will explain why the application was denied and how to appeal the decision. Remember to always keep a copy. If an appeal for a denial of fee waivers is submitted, all fees will not need to be paid until the appeal is decided.

If a student wishes to purchase school pictures, yearbooks, or similar items through the school, those costs are not fees and will not be waived. Also, if a student loses or damages school property, the costs of replacement or repair are not fees and need not be waived.

School Fee Waiver Application

- NO Fees may be charged for activities during the regular school day in grades K-6. Fees for activities held outside of the regular school day are subject to fee waivers.
- Fees shall be suspended while the fee waiver is under consideration and during the appeal of a denial of a fee waiver is in process.
- Upon approval, school fees shall be waived up to the LEA's established dollar amount cap, and trip waivers are limited to no more than two trips per student per year. A parent/student cannot be required to agree to an installment payment plan, or sign an IOU in place of a waiver. However, an LEA may provide service alternatives to satisfy a fee requirement, and a student requesting a waiver for a second trip must complete an action plan that includes school-related contributions.
